DEVELOPMENT EXPERIENCE

Prime Digital Academy, Minneapolis — *Student*

February 2022 - July 2022

Immersive 5-month full-stack program with avg. time commitment of 60+ hours per week. Program focused on creating a theoretical foundation for the modern web stack and promoted experiential learning through weekly assignments, projects, and code challenges.

Capstone Project: Get SmART

- Art flashcard desktop application leveraging React, Redux, Sagas, Material UI, Node, Express, Postgres, and SQL
- “Teachers” provided with Admin access to accounts and can create flashcards, populated answer fields, and manage galleries
- “Student” users assigned flashcard “galleries” as a quiz where their inputs receive immediate feedback and scoring

OTHER WORK EXPERIENCE

Fair Oaks, Minneapolis — *Remodeling and Maintenance*

January 2019 - February 2022

Prepared apartments for new tenants and managed ongoing repairs

Handyman Connection, Minneapolis — *Home Repair*

2016-2019

Provided on-demand drywall and carpentry services for aging homes

Guggenheim, New York City — *Exhibition Construction*

2014-2016

Coordinated handling, movement and installation of works of art

MEF International School, Istanbul — *Art Teacher*

2012 - 2014

Taught 200+ students from pre-k through eighth grade.
